Company Information (alternatively add a brochure)

We, the above mentioned company are interested to become a registered member in the User Group of the European R&D project **DOCKLASER - INCREASING EFFICIENCY AND QUALITY IN SHIPBUILDING AND SHIP REPAIR BY DEVELOPING MOBILE LASER EQUIPMENT FOR THE DOCK AREA** for the duration of the project of 36 month, started September 1, 2002.

The membership allows to receive all User Group documentation and to participate at the User Group Workshops with a maximum of three company representatives.

The annual membership fee for the User Group is 10.000 Euro (25.000 EURO for companies coming from outside the European Union (candidate states and associated states for R&D are considered inside EU).

The membership in the DOCKLASER user group will only become valid through the signature of the User Group contract

The first payment of the membership fee is due against invoice after approval of the membership application through the DOCKLASER project assembly and of the signature of the User Group contract.

Applicants will receive an invitation for the User Group inauguration workshop, for which the participation is free of charge.
